Personal Statement

I completed NCEA level 3 in 2015 and I am currently doing a Software Engineering Degree at Victoria University. I am looking for a job to help finance my university study.

Skills

Computer skills

I have experience helping my grandad with issues on his computer. I also have experience coding in Python and Java.

Food-handling and preparation

I enjoy baking at home. I plan and cook meals for my family.

Outdoor and planning skills

As part of scouts and air cadets I have gained outdoor survival skills such as map reading, food preparation and planning for tramps.

Swimming

I'm a strong swimmer, I can easily swim 100+ meters.

Child Care

My mother works in child care and I have learned how to work with children by helping her.

Education

NCEA L1 and L2 and L3, Wellington College.

I have completed level 1, 2 and level 3. My subjects at level 3 were Chemistry, Physics, Maths, Biology and Digital Technology.

Comprehensive First Aid Course, Red Cross.

As part of Venture Scouts I was able to complete a comprehensive first aid course which involved the unit standards 6402, 6401 and 6400. I finished the course on the 26 of July 2015.

Interests and Hobbies

I enjoy cooking and tramping. I have been part of Venture Scouts for the last three years and before that I was part of the Air Training Cadets (ATC). I enjoy using computers and have even built my own desktop computer.
